

Kristina Miller
Landfill Agency Manager
Tehama County/Red Bluff Landfill Management Agency

Kristina Miller is employed with Tehama County as the Landfill Agency Manager. Over the past six years Tehama County developed numerous recycling programs including a curbside Alkaline Battery Recycling Program, Fluorescent Light Recycling Campaign, Medical Waste Sharps collection program, Retail Latex Paint Recycling program, mattress recycling program, hazardous products reuse program, and a carpet recycling program. Under Kristina's leadership, Tehama County was the first County to coordinate with public and private entities to develop a fluorescent light recycling program. Tehama County was also the first County in the state of California to develop a curbside alkaline battery recycling program.

Mrs. Miller was one of three counties that led research and paint take-back implementation under a CalRecycle grant that paved the way for the statewide paint EPR legislation passed in 2010. Kristina is Chair of the Regional Council of Rural Counties Environmental Services Joint Powers Authority and brings that rural perspective to the CPSC Board.

Kristina Miller earned a master's degree in Environmental Geography and a bachelor's degree in Restoration Ecology and Environmental Education from California State University, Chico.
